

Republic of the Philippines
Province of Bohol
Municipality of Valencia

OFFICE OF THE MUNICIPAL PLANNING & DEV. COORDINATOR

**PROMOTING PROPER WASTE DISPOSAL AND ENHANCING
ENVIRONMENTAL SUSTAINABILITY THROUGH THE
ESTABLISHMENT OF A COMPOSTING FACILITY
VALENCIA, BOHOL**

COMPREHENSIVE PROJECT PROFILE

I – PROJECT DESCRIPTION:

PROJECT TITLE : Establishment of Composting Facility

PROJECT TYPE : Capital forming project

PROJECT COMPONENTS :

- Construction of Composting Bin
- Construction of Composting shed and storage
- Purchase of shredding machine
- Purchase of Convey Strainer
- Purchase of Dewormer
- Purchase of Dumptruck

PROJECT LOCATION : Poblacion Sur, Valencia, Bohol

II – PROJECT STATUS:

A composting program in the municipality has already been launched, however, the LGU does not have enough funding to acquire equipment for composting. The project is in search of the required funds from different funding institutions.

a. STATUS OF PROJECT PREPARATION:

- a) Project idea and profile have been prepared, outlining the essential mechanism and other analysis for the development of the said project;
- b) A feasibility study for the project has not yet been done.
- c) The pre-feasibility study of the project deems it to be technically and economically viable.

b. INVESTMENT PROGRAMMING:

The proposed project is yet to be submitted for consideration by interested donor institutions , non-government organization, or national government agencies.

III – PROJECT JUSTIFICATION:

In compliance with RA 9003, known as the Ecological Solid Waste Management Act of 2000, the municipal government of Valencia has formulated the Integrated Solid Waste Management (ISWM) Plan and has committed itself to promoting transparency, accountability and participation in the enforcement of related laws and ordinances with regular monitoring and evaluation. This proposed composting will provide the proper intervention to correct the situation.

The general strategy for the implementation of the SWM Plan involves many stages, from the source reduction stage to the operation stage. The LGU has already established solid waste facilities measuring about 1.5 hectares at Barangay Poblacion Sur to operate the project. What will fully realize the intent of the LGU program, however, is acquisition of the required composting machinery.

PROJECT OBJECTIVES:

- To increase income generation of the LGU
- To improve the per capital income of the farmers
- To promote organize farming utilizing wastes
- To increase agricultural productivity of farmers
- To promote modern technique in the composting process

SECTORAL OBJECTIVES:

To create the necessary agricultural support from the municipal LGU that will enhance the productivity of the Agricultural Sector.

REGIONAL AND NATIONAL OBJECTIVES:

To promote organize forming at all levels with compatible Agri-Economically friendly technologies.

IV – PROJECT FINANCING:

FUNDS NEEDED : P 2,220,000.00

PROJECT FINANCING:

- To request funding from interested funding institutions
- By grant allocation
- By counterparting

FUNDING SOURCE:

- Interested funding institution, donor agency, NGO or National Agency
