

21st Century Tax Rate Reduction and Modernization Plan

- Broadens the tax bases, lowers every major tax rate
 - Stabilizes State's tax base
 - Provides a reliable revenue stream for the future
 - Adopts the comprehensive tax reform recommendations of numerous study committees charged with developing a 21st Century tax policy for the State. The last study committees to recommend tax policy changes include the Governor's Commission to Modernize State Finances, the Institute for Emerging Issues, the State and Local Fiscal Modernization Committee, and the Joint Select Committee on Economic Development Incentives. Their recommendations include:
 - ❖ Expand sales tax base by including more services.
 - ❖ Expand the personal income tax base to federal adjusted gross income.
 - ❖ Reduce the individual income tax burden of low-income taxpayers.
 - ❖ Eliminate tax exemptions, deductions, and credits in the individual income, corporate and franchise, and sales tax bases.
 - ❖ Expand franchise tax base to include all types of business organizations with limited liability protection.
 - Provides tax adjustments necessary to balance the Senate's 2009-2011 budget.
